

PREVENT THE SPREAD OF INVASIVE SPECIES

Invasive jumping worms and other invasive species have been found in this garden

1

Bring **clean** tools and wear **clean** shoes to the garden

2

Remove soil from shoes, tools, and harvest before leaving the garden

3

Wash and dry any community tools after using.

4

Do not move plants from community garden to another location

5

Plant, purchase and share plants that you are reasonably sure are free of invasive species
