Project Background

In conjunction with upcoming street resurfacing along W. Countryside Drive, Pine Meadows Drive, and Pinehurst Drive, the City of Bloomington would like to analyze alternate and additional traffic calming infrastructure to promote safe and comfortable streets for all users.

Roughly five years ago, the City implemented both permanent and temporary traffic calming infrastructure within these areas to promote safer residential streets. With upcoming resurfacing, we would like public feedback as part of our analysis to maximize the benefits of traffic calming.

For information on the Traffic Calming and Greenways process visit:
<https://www.bloomington.in.gov/tcgp>

Benefits of Traffic Calming

Traffic Calming aims to manage vehicular speeds and volumes. The greatest benefits of traffic calming are increased safety and comfort for all street users. Compared with conventionally designed streets, traffic calmed streets typically have fewer collisions, traffic-related injuries, and fatalities. The safety benefits come from greater driver awareness, shorter stopping distances, and less kinetic energy during a collision.

With your feedback, we will be able to more effectively implement traffic calming to support safe travel through these areas.

Project Timeline

- 1. Informational Neighborhood Letter:** February, 2024
- 2. First Public Meeting:** Project Scope & Objectives -
Wednesday, February 28
- 3. Second Public Meeting:** Design Review & Feedback -
Wednesday, April 24
- 4. Open Comment Period: Open Now**
- 5. Bicycle and Pedestrian Safety Commission Review:**
Summer, 2024
- 6. Installation:** Fall, 2024

How to Stay Involved

Submit Feedback to the Open Comment Form:

<https://bton.in/CSSur>

Attend a Public Meeting:

Wednesday, February 28 from 5:30pm - 6:30pm
RCA Community Park Shelter: 1400 W. RCA Park Dr.
Rain Date Scheduled for Thursday, February 29 from 5:30pm - 6:30pm*

Wednesday, April 24 from 5:30pm - 6:30pm
RCA Community Park Shelter: 1400 W. RCA Park Dr.
Rain Date Scheduled for Thursday, April 25 from 5:30pm - 6:30pm*
