

Raised Pavement Markers (RPMs) shall be installed in compliance with MUTCD requirements. When adjacent to yellow lines, RPM color shall be yellow both sides except when indicating fire hydrant locations. Blue RPMs shall be placed at the road centerline adjacent to all fire hydrant locations. RPMs shall be placed in the gaps between pavement markings. RPMs shall be placed on the road centerline at 120' spacing for tangent and curve sections. Additional RPMs at tapers and median objects shall be placed as indicated. No RPMs shall be placed on pavement markings. Plan depictions of RPMs and pavement markings shall not be considered precise.

MATCH LINE - FAIRVIEW

- (49) Transverse Marking, Thermoplastic, Crosswalk Line, White, 6 in.
- (50) Curb Painting, Yellow
- (51) Transverse Markings, Thermoplastic, Crosshatch Line, Yellow, 12 in.
